**Commitment to
High Quality**

**Collective
Experience**

**Complex
Cross-border
Transactions**

About Us

We are a law firm based in Mumbai, India, and we focus on cross-border transactions. Our firm was founded by Mr. Vishal Gandhi in 2003.

Practice Areas

Corporate and Exchange Control Laws

We help our clients with India entry strategy, formulating a tax efficient structure to enter India, with setting-up wholly owned subsidiaries, joint ventures, acquisitions and strategic alliances.

We also help angel investors, venture capital and private equity funds with setting-up India focused vehicles/funds and making investments in India. Right from structuring, due-diligence and drafting term sheets to closing, we hand hold the clients.

This practice also entails advising on exchange control laws and seeking approvals from the Reserve Bank of India.

Securities Laws

We help our clients with raising capital in the form of private placements or public issues. Advice is provided on compliance with securities laws and the rules and regulations notified by the Securities and Exchange Board of India.

Tax Laws

We assist in formulating a tax efficient structure for any transaction whether it be setting-up operations in India or a joint venture, acquisition, fund formation, etc.

We advise on Indian tax laws and the various double taxation avoidance agreements that India is a signatory to. Advice is provided on aspects such as income-tax, capital gains tax, permanent establishment issues, transfer pricing etc.

We also assist in procuring rulings from the Authority for Advance Rulings.

Intellectual Property laws

We assist with protection, enforcement and licensing of various types of intellectual property rights such as copyrights, patents, trade marks, trade secrets and designs.

Arbitration and Litigation

We assist with international commercial arbitration and litigation. We have been involved in various corporate/commercial and intellectual property disputes.

We have an in-house litigation team that reduces dependency on outside litigators.
